Property Subject to This Declaration; Additions Thereto

Section 1. The Properties. The real property which is and shall be held, transferred, sold, conveyed, and occupied subject to this Declaration is located in Buchanan County, Missouri and is more particularly described in Exhibit "A" and represents Phase I of the Subdivision known as Carriage Oaks.

Section 2. Additions to the Properties. Additional properties may become subject to this Declaration in the following manner:

a. **Additions by the Developer.** The Developer shall have the right to subject to the Declaration any additional property which lies within the land area represented by the Development Plan and as legally described on Exhibit "B", as it may be amended from time to time; and

b. **Other Additions.** Additional land, other than that described above, may be annexed to the Properties upon approval of two-thirds percent of the votes of a Quorum of Owners.

The additions authorized under subsections (a) and (b) shall be made by complying with the requirements of the Zoning Order, by filing of record one or more Supplementary Declarations of covenants and restrictions with respect to the additional property, and by filing with the Association the plat for such additions.

Section 3. The Development Plan.

a. **Purpose.** The Development Plan, illustrated in Exhibit "B-1", is the dynamic design for the staged development of the Properties as a residential planned community which will be modified and amended, as provided herein, during the several years required to build the community. Because the Development Plan is a temporary design, it shall not bind the Developer to make any of the additions to the Properties which are shown on the Development Plan or to improve any portion of such lands in accordance with the Development Plan unless and until a Supplementary Declaration is filed by the Developer subjecting such property to this Declaration.

b. **Amendments.** The Developer hereby reserves the right to add land to or amend the Development Plan for lands which have not yet been made subject to this Declaration, in response to changes in technological, economic, environmental, social or other conditions related to the development or marketing of the Properties or in response to changes in requirements of government agencies and financial institutions.

Article III

The Carriage Oaks Homes Association, Inc.

Section 1. Organization.

a. **The Association.** The Association is a nonprofit, nonstock corporation organized and existing under the laws of the State of Missouri and charged with the duties and vested with the powers prescribed by law and set forth in the Governing Documents, and as such may be amended from time to time, provided no other Governing Documents than this Declaration shall for any reason be amended or otherwise changed or interpreted so as to be inconsistent with this Declaration.

b. **Institutional Plan.** As the operation and responsibilities of the Association expand from those related to the Properties as originally constituted to those required by the fully developed Development Plan of Carriage Oaks, this Declaration and the Governing Documents shall guide the controlled and orderly evolution of the Association into a comprehensive community institution.

c. **Exercise to Vote.** The vote for any membership which is held by more than one person may be exercised by any one of them, unless any objection or protest by any holder of such membership is made prior to the completion of a vote, in which case the vote for such membership shall not be counted. If fewer than twenty-five percent of all Class A votes are cast in an election for any elective office, the Board of Directors may declare the results of such election invalid and may elect a member to fill such office.

Section 2. Membership and Voting Rights in the Association.

a. **Membership.** Every person or entity who is a record owner of a fee or undivided fee interest in any Lot or Living Unit which is subject by covenants of record to assessment by the Association shall be a Member of the Association, provided that any such person or entity who holds such interest merely as security for the performance of an obligation shall not be a Member.

b. **Voting Rights.** The Association shall have two classes of voting memberships. Class A Members shall be all those Owners in good standing in accordance with the By-Laws of the Association entitled to membership with the exception of the Developer. Class A Members shall be entitled to one vote for each Lot or Living Unit in which they hold the interests required for membership. The Class B Members shall be comprised of the Developer. The Class B Member shall be entitled to ten (10) votes for each designated Lot, regardless of whether there is a completed Living Unit located thereon, in which the Developer holds fee simple title, provided that the Class B membership shall cease and become converted to Class A membership when the total number of votes to which the Class B Member would be entitled (if the Class B membership were converted to Class A membership) is less than 5% of the total vote. From and after the happening of this event, the Class B Member shall be deemed to be a Class A Member entitled to one vote for each Lot or Living Unit in which it holds the interests required for membership.

For the purposes of determining the votes allowed under this Section, when Living Units are counted, the Lot or Lots upon which such Living Units are situated shall not be counted.

Section 3. Board of the Association.

a. The powers of the Association shall be vested in, exercised by, and under the authority of, and the affairs of the Association shall be controlled by, a Board of Directors consisting of five (5) persons who need not be Members (the "Association Board"). The Association Board, by a majority vote, shall exercise for and on behalf of the Association all powers, duties and authority vested in or delegated to the Association.

b. The Developer shall have the absolute right to elect the Board throughout the Development Period. Thereafter, Directors shall be elected at the first annual meeting of Members following the Development Period, and terms shall be staggered, so that two (2) Directors and three (3) Directors shall be elected respectively in alternating years. At the first annual meeting of Members, and at each annual meeting of Members thereafter, Directors shall be elected for two (2) year terms of office and shall serve until successors are elected and qualified.

c. In any election of the members of the Association Board, every Member entitled to a vote at such election shall have the right to cumulate his votes and give one (1)

candidate, or divide among any number of the candidates, a number of votes equal to the number of Directors to be elected multiplied by the number of votes which such Member is otherwise entitled to cast. The candidates receiving the highest number of votes, up to the number of the Directors to be elected, shall be deemed elected.

Article IV

Powers and Duties of the Association

The Association shall have the following powers and duties:

To provide for the care and maintenance of all Common Areas owned by the Association including roads (to the extent not maintained by the City of St. Joseph), landscaping, open spaces, ornamental features, signage, islands, monuments, street lights, retention areas and other facilities now existing or which may be erected or created in the future on the affected property; and to make special charges or service fees or to charge dues to Members for the use of such facilities.

b. To levy assessments on the Owners of Lots or Living Units and to enforce payment of such assessments, all in accordance with the provisions of this Declaration set forth in Article V and VII.

c. To employ, at its discretion, the services of any person or corporation as manager (herein, "Manager"), together with other employees, to, as may be directed and delegated by the Association Board, manage, conduct and perform the business, obligations and duties of the Association and to enter into contracts for such purpose; provided, however, that no management contract shall exceed a term of one (1) year and such contract shall be cancelable for good cause shown by either party upon thirty (30) days written notice. Such employees shall have the right of ingress and egress over such portions of the Properties as is reasonably necessary for the purpose of performing such business, duties and obligations.

d. To employ at its discretion qualified officers for the purpose of providing such security protection as the Association Board may deem necessary or desirable in addition to the protection rendered by public authorities.

e. To maintain insurance or surety bonds, as deemed by the Association Board to be necessary and appropriate, including but not limited to:

(a) fire and appropriate extended coverage and other appropriate physical loss and damage insurance on all improvements located in or upon the Common Property;

(b) comprehensive liability insurance insuring the Association Board and Members, including the Developer, against liability to, and claims of, the public, Members or the Association Board and Association; provided, however, that the coverage in favor of the Developer shall not extend to the Developer's operation or active ties in its capacity as a Developer and Builder; and

(c) such other insurance, including workmen's compensation insurance, to the extent necessary to comply with any applicable law and then-current insurance practices, and

indemnity, faithful performance, fidelity and other bonds as the Association Board shall deem necessary, appropriate or required to carry out the Association functions or to insure the Association against any loss from malfeasance or dishonesty of any employee or other person charged with the management or possession of any Association funds or property.

f. To enforce the decisions of the Design Review Committee.

g. To grant and convey to any third party easements and rights of way in, on, over or under the Common Areas for the purposes set forth in Article XIII hereof.

h. At its discretion to do all other things not inconsistent with this Declaration that the Board of Directors of the Association may from time to time determine to be either necessary or desirable for the Association, for its Members or for the protection, care or development of the Common Areas and of other affected Property.

Article V

Method of Providing Funds

Section 1. For the purpose of providing funds to enable the Association to perform the duties and to discharge the obligations imposed upon it, all of the Property and Members owning the same shall be subject to an annual general fund assessment to be paid to the Association by Owners of assessable interests in such amounts and payable on such terms that a majority of a Quorum of the Members shall determine. Such assessment shall be prorated as follows:

A. 100% of the prorata share for each Lot, whether occupied or not until 50% of the Lots are sold.

B. After 50% of the Lots are sold:

- a. 100% on each lot occupied by a Living Unit
- b. 50% on each unoccupied Lot; and
- c. 10% on each unoccupied platted lot owned by the Developer.

Section 2. The amount of the general fund assessment provided for in Section 1 of this Article may be increased not to exceed 25% in any given year from the prior year (excepting the first years assessment which shall not be restricted) by majority vote of a Quorum of Members in attendance in person or by proxy at such meeting at any general meeting or at a special meeting of Members; PROVIDED that at least ten days notice in writing shall be given and such notice set out the reason, the purpose, and the need for the additional assessment.

Section 3. For the purpose of providing a special fund assessment to be used and to enable the Association to repair, replace, construct and extend its facilities and property, each Assessable Unit may be specially assessed by the Association at an annual rate in an amount

not exceeding the amount fixed for the annual general fund assessment as provided in Section 1 above for the year that such special assessment is approved. The amount of the special fund assessment against each Assessable Unit shall be in the same proration as required in Section 1 above. Such assessment may be made by the Board of Directors of the Association, subject to approval at a regular annual meeting or a specially called meeting of all Class A Members entitled to vote. A majority of a Quorum of Class A Members present or by proxy at such meeting shall be required to approve such an assessment.

Notice of any such meeting for the approval of an assessment for one or more special fund assessments shall be given as provided in Article I not more than 30 days nor less than 10 days prior to the meeting. Such notice shall set forth the purpose for which the sums derived from the assessment or assessments are to be used, together with the estimated cost of the proposed project or projects, and the proposed time and method of payment. The sums paid to the Association on account of such special assessment shall be set aside and used for the specific purpose for which the special fund assessment is made, unless otherwise authorized by the Members of the Association at a meeting duly called as herein provided.

Section 4. The assessments made pursuant to Sections 1, 2, and 3 above shall be on a calendar year basis and shall be paid on March 1 of each year. Said annual payment shall be in default if not paid on or before the fifteenth day of March of each year. Any assessment not paid when due shall bear interest at the maximum annual rate determined by law, or if no such maximum exists, 18%.

Section 5. User Fees and Charges.

In addition to the general and special fund assessments, the Association Board may levy and collect charges and fees for the use of the Common Areas for the purpose of maintaining Common Areas, operating services on Common Areas, regulating the use of Common Areas and the services offered thereon and for providing utility services. In addition, the Association may levy and collect any costs incurred in bringing an Owner or his Lot into compliance with the provisions of this Declaration.

Section 6. Developer Advances.

a. On an annual calendar year basis, the Association Board shall prepare the Association Budget which shall include a cash budget projecting anticipated cash receipts, cash expenditures and net cash surplus or deficit for the ensuing fiscal year.

b. The Developer may, but shall not be obligated to make cash advances to the Association to eliminate any projected net cash requirements of the Association which occur during the course of any fiscal year. Such cash advances may be considered borrowings of the Association.

c. The option of the Developer to make advances to the Association pursuant to this Section 6 shall continue only during the Development Period.

d. The foregoing provisions notwithstanding, the Developer will not make an advance if the Developer shall determine that such an advance would materially jeopardize the performance of its obligations pursuant to the Development Plan or to the requirements of its creditors. In such event, the Developer will undertake to notify the Association in writing

within thirty (30) days after a request is made by the Association that it is not able to make an advance and may state the reasons relating thereto.

e. If required by the Developer, all such advances shall be evidenced by promissory notes of the Association to bear interest at the effective rate of interest being paid by the Developer on its debentures or debt obligations.

Article VI

Limitation on Expenditures

Section 1. General Funds. The Association shall at no time expend more money within any one year for maintenance of Common Areas than the total amount of the general fund assessment for that particular year any surplus which it may have on hand from previous assessments, nor shall the Association enter into any contract whatever binding the general fund assessments of any future year to pay for any such obligations, it being the intention that the general fund assessment for each year shall be applied as far as is practicable toward the payment of the obligation of that year, and the Association shall have no power to make a contract affecting the assessment for the general fund of any future or subsequent year.

Section 2. Special Funds. The limitations imposed upon general fund shall not apply to special fund assessments.

Section 3. Surplus Funds. The Association may create as part of the general fund assessment a surplus or reserve fund to be carried forward from year to year as determined by the Board as necessary and/or desirable for the greater financial security of the Association and the effectuation of its purposes.

Article VII

Liens on Real Estate

Assessments, fees and other charges levied by the Association as herein provided shall become a lien on the real estate against which it is levied as soon as it is due and payable, provided, however, that such lien shall be inferior and subordinate to the lien of any valid First Mortgage now existing or which may hereafter be placed on said real estate. Once such assessments, fees and charges become delinquent, the payment of both principal and interest at the rate hereinbefore specified, together with the costs of collection thereof (including attorneys fees), may be enforced as a lien on said real estate in proceedings in any court in Buchanan County, Missouri having jurisdiction of suits for the enforcement of such liens. The Association shall have the right, at its sole discretion, to bring suits to enforce such liens before expiration thereof. The Association may at its discretion file certificates of nonpayment of assessments in the Office of the Recorder of Deeds whenever any such assessments are delinquent. For each certificate so filed, the Association shall be entitled to collect from the Owner or Owners of the property described therein a fee of \$100.00, which fee is hereby declared to be a lien upon the real estate described in said certificate, provided that such lien shall be inferior and subordinate to the lien of any valid First Mortgage now existing or which may hereafter be placed on said real estate. Such fee shall be collectible

in the same manner as the original assessments provided for herein and in addition to the interest and principal due thereon.

Such liens shall continue for a period of five (5) years from the date of delinquency and no longer, unless within such time, suit shall have been instituted for collection of the assessment, in which case, the lien shall continue until termination of the suit and until sale of the property under execution of the judgement establishing same.

Article VIII

Right to Enforce This Declaration

The restrictions set forth herein shall run with the land and bind the Properties, the present Owners, their heirs, administrators, executors, successors and assigns, and all persons claiming by, through or under them shall be taken to hold, agree and covenant with the Owners of said lands, their heirs, administrators, executors, successors and assigns, and with each of them, to conform to and observe said restrictions as to the use of said lands and the construction of improvements thereon. The Association and those persons bound by this Declaration shall have the right to sue for and obtain an injunction, prohibitive or mandatory, to prevent the breach of or to enforce the observance of the provisions hereof or to maintain an ordinary legal action for damage.

The failure of the Association to enforce any of the restrictions herein set forth at the time of its violation shall in no event be deemed to be a waiver of the right to do so thereafter. In the event the Association is the prevailing party in any legal action, it shall be entitled to recover its attorneys' fees in such action.

If any Member shall fail to pay a user fee or charge when due and payable, such Member shall have breached this Declaration and the Association Board may suspend the voting rights and the rights of enjoyment of such Member; the Association shall not refund any portion of any user fees or charges which such Member may have paid for the use of Common Areas from which such Member is barred while his rights of enjoyment are suspended.

If any Member shall fail to pay any user fee or charge when due and payable, the Association Board may immediately suspend such user's right of enjoyment of the Common Areas or services thereon and may take whatever action it deems necessary to enforce such suspension.

b. The right of the Association to take such steps as are reasonably necessary to protect the Properties against foreclosure;

c. The right of the Association to suspend the enjoyment rights of any Member for any period during which any assessment remains unpaid, and for any period not to exceed thirty (30) days for any one infraction of its published rules and regulations;

The Association shall repair such damaged area in a good and workmanlike manner in conformance with the original plans and specifications of the area involved, or as the area may have been modified or altered subsequently by the Association at the discretion of the Association. The amount necessary and actually expended for such repairs shall be a Special Assessment upon the Lot or Living Unit of said Owner, shall be a lien upon the Lot or Living Unit of said Owner and shall be enforceable as other Assessments under Article VIII.

Article XI

Section 1. Purposes, Powers and Duties of the Design Review Committee (DRC). The purpose of the DRC is to assure that all proposed uses and any construction or alteration of any structure which takes place on any Lot or to any Living Unit or any other property affected by the Declaration shall be performed in conformity with these covenants and restrictions and the "Design Standards and Procedures for Single Family Construction" at Carriage Oaks. To carry out that purpose, the DRC shall have all of the rights, powers and duties conferred upon it pursuant to the provisions of this Article XI.

Section 2. Composition and Appointment. The DRC shall be composed of a minimum of four members. For the period during which the Developer shall own five percent (5%) or more of the Lots encompassed within each Plat filed with respect to a Phase of the Development Plan, Members shall be appointed by the Developer. Thereafter, members of the DRC shall be appointed by the Board of the Association.

Section 3. Conflict of Interest. No member of the DRC may participate in any decision of the DRC on a matter in which he has a direct or indirect financial interest, or in which he has personally provided professional consulting services for a fee to the party whose application is before the DRC, provided however, that the fact that any DRC member has in the past or currently provides services to the Developer shall not be considered a conflict of interest.

Section 4. Operation of the DRC:

a. Meetings. The DRC shall hold regular meetings at least quarterly or more often as may be determined by the members of the DRC. Regular and special meetings shall be held at such time and such place as the members of the DRC shall specify. At least three members of the DRC must be present for the transaction of business. The DRC shall maintain a written record of votes and minutes of each of its meetings.

b. Activities. The DRC shall adopt and promulgate and, as it deems appropriate, recommend to the Board of the Association, amendments to the Designs Standards and Procedures for Single Family Construction as provided in Section 5 hereof and will make findings, determinations, rulings and orders with respect to the conformity with said Design Standards of plans and specifications submitted for approval. As required, the DRC shall issue permits, authorizations or approvals pursuant to the directions and authorizations contained herein.

Any applicant for approval, permit or authorization, may within ten (10) days after receipt of notice of any decision which he deems to be unsatisfactory, file a written request to have the matter reviewed by the Board of Directors of the Association. The Board of Directors of the Association shall review such request within 30 days of receipt and their decision shall be final and binding.

Section 5. Design Standards and Procedures for Single Family Residential Construction.

a. Pursuant to the provisions of Section 1, of this Article, the DRC shall adopt and enforce the Design Standards and Procedures for Single Family Residential Construction, for the purposes of:

(a) governing the form and content of plans and specifications to be submitted for approval pursuant to the provisions of Section 6 of this Article; and

(b) governing the procedures for such submissions of plans and specifications; and

(c) establishing policies, requirements, standards, restrictions and specifications with respect to the approval and disapproval of proposed uses and with respect to all construction or alteration of any structure on any Lot, Living Unit, Easement or Common Area.

Section 6. Submission of Plans and Specifications. No structure shall be commenced, erected, placed or moved onto or permitted to remain on any Properties, nor shall any existing structure upon any Properties be altered in any way which materially changes the exterior appearances, thereof, nor shall any new use be commenced, all unless plans and specifications (including a description of any new use) therefore shall have been submitted to and approved in writing by the DRC. Plans for construction of a new home or additions to existing homes shall be designed by a licensed architect. Upon receiving plans and specifications, an authorized representative of the DRC shall provide a written receipt.

Section 7. Approval of Plans and Specifications. Upon approval by the DRC of any plans and specifications submitted hereunder, a copy of such plans and specifications, as approved, shall be deposited as a permanent record with the DRC and a copy of such plans and specifications bearing such approval in writing shall be returned to the applicant submitting the same.

Approval for use in connection with any Lot or Living Unit of any plans and specifications shall not be deemed a waiver of the DRC's right, in its discretion, to disapprove similar plans and specifications or any of the features or elements included therein if such plans, specifications, features or elements are subsequently submitted for use in connection with any other Lot or Living Unit. Approval of any such plans and specifications shall be final and such approval may not be revoked or rescinded thereafter, provided that there has been adherence to, and compliance with, such plans and specifications, as approved, and any conditions attached to any such approval. The DRC, in its discretion, is permitted to approve deviations from the Design Standards and Procedures and from this Declaration when, in its judgement, such deviations will result in a more commonly beneficial use, or when such deviations do not detract from the value or enjoyment of surrounding properties. Such approval must be granted in writing. When the DRC approves and grants a deviation from this Declaration, such approved deviation shall for all purposes amend this Declaration but only to the limited extent of such specifically approved deviation.

Section 8. Disapproval of Plans and Specifications.

a. The DRC shall have the right to disapprove any plans and specifications submitted hereunder for any reason, including but not limited to:

(a) the failure to include information in such plans and specifications as may have been reasonably requested;

b. In any case in which the DRC shall disapprove any plans and specifications submitted hereunder, or shall approve the same only as modified or upon specified conditions, such disapproval or qualified approval shall be accompanied by a statement of the grounds upon which such action was based. In any such case the DRC shall, if requested, make reasonable efforts to assist and advise the applicant in order that an acceptable proposal may be prepared and submitted for approval.

Section 9. Failure to Act. In the event that the DRC shall fail to take action on any plans and specifications within ninety (90) days of presentation to the DRC, together with

the fees authorized by Section 13 of this Article, and consistent with such other requirements as called for by the Design Standards and Procedures, the same shall be deemed to have been approved as submitted, and no further action by the DRC shall be required for the applicant to begin construction. Such approval shall be placed in writing on the plans and specifications and shall be returned to the applicant.

Section 10. Inspection Rights. After reasonable notice and at any reasonable time or times, any designated agent of the Association or the DRC may enter upon any Lot for the purpose of ascertaining whether the use or maintenance of such Lot or the construction of any Living Unit thereon is in compliance with the provisions hereof; and neither the Association, nor the DRC nor any such agent shall be deemed to have committed a trespass or other wrongful act solely by reason of such entry or inspection provided such inspection is carried out in accordance with the terms of this Section.

Section 11. Violations. If any Living Unit shall be erected, placed, maintained or altered upon, any Lot, or any new use commenced on any Lot, such erection, placement, maintenance or alteration shall be deemed to have been undertaken in violation of this Article without the approval required herein.

If, in the opinion of the DRC, such violation shall have occurred, the DRC shall notify the Association. If the Association Board shall agree with the determination of the DRC with respect to the violation, then upon Notice of the violation to the Owner from the Association Board, any such Living Unit or improvement hereof shall be removed or altered, and any such use shall be terminated, so as to extinguish such violation.

If, the Owner of the Lot upon which such violation exists shall not have taken reasonable steps toward the removal or termination of the same within the time specified in such Notice, the Association shall have the right to enforce its rights of action as provided in this Declaration together with all remedies whether at law or in equity and including but not limited to the remedy of injunctive relief and obtaining a monetary judgement for all costs, expenses, including reasonable attorneys' fees, and damages.

Section 12. Certification of Compliance.

a. Upon completion of the construction or alteration of any improvement in accordance with plans and specifications approved by the DRC, the DRC shall, upon written request of the Owner thereof, issue a Certificate of Compliance, identifying such improvement and the property upon which such improvement is placed and stating that the plans and specifications and the location of such improvement complies with the requirements of the DRC. A copy of said Certificate of Compliance shall be filed for permanent record with the plans and specifications on file with the DRC. Provided, however, in no event shall such a Certificate of Compliance be deemed a certification by the DRC as to compliance of an improvement with any governmental regulations or requirements.

b. Any Certificate of Compliance issued in accordance with the provisions of this Section shall be prima facie evidence of the facts therein stated and, as to any purchaser, encumbrancer, or insurer, such Certificate of Compliance shall be conclusive evidence that all improvements on the Lot or uses described therein comply with all the requirements of this Article.

Section 13. Fees. As a means of defraying its expenses, the DRC may charge a reasonable and appropriate fee as established from time to time, including fees for the professional DRC members. The fees shall be made payable to the Association and shall be payable at the time plans and specifications are submitted as a condition precedent for the review and approval of such plans and specifications. No additional fee shall be required for the resubmission of plans and specifications revised in accordance with DRC recommendations.

Section 14. Nondiscrimination by DRC. The DRC shall not discriminate against any applicant requesting its approval of plans and specifications because of such applicants race, color, sex, religion, national origin, family composition or marital status. Further, the DRC in the exercise of its power granted pursuant to this Declaration shall not take any action which is intended to or does, in effect, discriminate against persons of a particular race, color, sex, religion, national origin, family composition or marital status.

Section 15. Public Approvals. All pertinent requirements of public agencies must be followed in the development of this Property, and all plans must be approved by the appropriate departments in the City of St. Joseph, Missouri. Each potential Owner should verify code requirements prior to purchase of a Lot or Living Unit. Although based on local zoning and subdivision regulations, the community development criteria may be more restrictive in land use, site development standards, landscape requirements and other matters. In every case in which these criteria are at variance with public agency requirements, the more restrictive regulations shall govern.

Final approvals permitting development and occupancy of property will be made by City of St. Joseph, Missouri.

BOOK 2015 AT PAGE 294

- c. **Building Mounted Solar Energy Systems:** A solar energy system that is affixed to the principal or accessory building on the property.
- d. **Ground Mounted Solar Energy System:** A solar energy system that is affixed to the ground.

B. Residential Building Integrated Solar Energy Systems:

- a. Building Integrated Solar Energy Systems shall be a part of the building envelope and shall be an integral part of the building surface and not stand off from the surface of the building.
- b. This system shall architecturally blend with the structure in color and texture.
- c. Mounting hardware and fastening shall not be visible from the exterior.
- d. All exterior wiring, plumbing and/or conduit shall be properly painted of a color to match the existing adjacent building components.

C. Residential Building Mounted Solar Energy Systems:

- a. Building Mounted Solar Energy Systems may be installed only on the roof of the primary structure or accessory building.
- b. Be located in a position on the roof which is least visible from any street or common area, so long as such location does not reduce estimated annual energy production more than 20% over alternative roof locations (as determined by a publically available modeling tool provided by the National Energy Laboratory [www.nrel.gov] or equivalent entity).
- c. Roof Mounted Solar Energy Systems shall be parallel to the plain of the roof (conform to the slope of the roof) and shall not extend no more than 6 inches higher than the roof surface to which it is attached.
- d. A roof mounted system shall terminate at least three feet from the edge of the roof, or if on a hip roof, must not extend beyond the perimeter boundary of the roof section to which it is attached.
- e. Have a frame, brackets, and visible piping or wiring that is a color to match the roof shingles, or a bronze or black tone commonly available in the marketplace.
- f. Roof mounted systems installed on a flat roof shall be screened from view by a parapet or other architecture feature that is compatible to the existing architecture.
- g. All exterior wiring, plumbing and/or conduit shall be properly painted of a color to match the existing adjacent building components.
- h. Building Mounted Solar Energy Systems may be located only on the back or side roof(s) (not facing the front) of the primary structure.
- i. Building Mounted Solar Energy Systems on an accessory building may be located on any roof that is not facing the primary structure frontage.
- j. Roof mounted solar energy systems shall be grey or black in color.

D. Residential Ground Mounted Solar Energy Systems:

- a. Ground mounted solar energy systems shall meet all setbacks for accessory structures and shall be located behind the primary structure such that the system shall not be visible from any street abutting the property and shall be screened from neighboring properties. They shall not be any closer than 5 feet to the nearest property line.
- b. The system shall not extend above the top of the fence and shall be installed such that the ground underneath and around the perimeter may be properly maintained.
- c. The ground under the system shall have decorative rock or mulch that has a retaining border that is capable of containing the mulch or rock within the area.
- d. The panels shall be separated such that water may pass between them.
- e. The Association may require the Device be placed in a location where there is adequate screening from public view from any street or common area.

E. General Requirements:

- a. Installed devices shall not:
 - 1. Threaten public health or safety.
 - 2. Violate any law.
 - 3. Substantially interfere with the use and enjoyment of land by causing unreasonable discomfort or annoyance to any adjoining property owner(s).
 - 4. The energy absorbing component of the system shall be a non-glare material.
 - 5. All devices must be maintained in good repair. Unused or inoperable Devices must be immediately repaired or removed.
- b. No solar energy device may be installed until the building plans and specifications have been submitted in writing to the Design Review Committee for review and have been approved in writing.
- c. Building permits shall be required for the installation of all solar energy systems.
- d. Building permit applications must contain a structural analysis by a Missouri Professional Engineer with experience in structural design verifying compliance to the structural requirements of the adopted building code.
- e. Solar energy systems shall be maintained free of defects, deterioration and rust.
- f. All frames and supports shall be a minimally reflective material.
- g. Awning solar energy systems shall not be permitted.
- h. This guideline is not intended to preclude any property owner from having trees on their property that would or could possibly interfere with any solar energy system.

These guidelines may be amended from time to time by the Board of Directors of the Carriage Oaks Homes Association, Inc. This is supplementary to the original Declaration of Covenants, Conditions and Restrictions for Carriage Oaks originally recorded in Buchanan County, Missouri, in Book 2015 at Page 294.

These guidelines shall be effective upon recordation in the Public Records of Buchanan County, Missouri, and shall supersede any policy regarding solar energy guidelines which may have previously been in effect. Except as may be

affected by future Missouri regulations, all other provisions contained within the Association's Declaration and any other dedicatory instruments of the Association shall remain in full force and effect.
